**Library Approval Plan Description:**

- The library designates the number of copies of each book in specific series that it would like to receive upon publication.
- The library evaluates each book it receives and has 90 days in which to return it in re-sellable condition at no cost to them. (Please include a copy of this form with returned books).
- The library gets a 30% discount off the list price of every book they keep.
- The library will immediately receive an invoice and statements, but will be given 120 days to process payment. An adjusted invoice will be sent if books are returned.
- The library should initially provide a PO for their orders or instructions on letterhead regarding specific books or series in which they are interested, or complete and submit this form.
- The library may cancel their approval plan at any time by notifying SIAM in writing.
- Once the library has subscribed to an Approval Plan for any number of series, they may also purchase any individual books, in or outside of their series, at a 30% discount.
