

# Forward Looking Panel Mathematics in Industry

Dimitry Agrafiotis – Johnson & Johnson + Indiana University

Nelson (Shasha) Jumbe - Genetech

Eric Reiman – Banner Alzheimer's Institute

David Lamb – U.S. Army TARDEC

Moderator: Jeff Saltzman – Merck

# Agenda

- Opening Remarks and a Question
- Forward Looking Panel Response
- Response and Questions from Audience

# Forward Looking Question(s)

- Some Known Advances and Opportunities Related to Applied Mathematics
  - Analysis and Modeling
  - Computation: Hardware and Algorithms
  - Data: High Throughput/Content Data/Images
- Panelists
  - Of the trends discussed, what opportunities do they provide to your industry?
  - Are there other relevant trends specific to your industry?
  - Where would you invest your mathematical and computational resources?
